**Wall Thickness:**

0.028 inches

**End Application:**

C-5a aircraft, outboard pylon hydraulic system. T.O. 1c-5a-4-1, figure 1-67, index 23.

**Tubing Material:**

Steel, ams 5566

**Tube Outside Diameter:**

0.375 inches

**Product Name:**

Tube assembly, thrust reverser return, hose assembly to tee, outboard pylon (used on 4p30077-103a and -105a)

**Special Features:**

Fittings, part no. Ms21922-6 and ms21921-6, both ends. length is 28.65 inches with several bend radius

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T383-d
