Metal Tube Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4710-01-569-9905

Wall Thickness:
0.028 inches
End Application:
C-5a aircraft, outboard pylon hydraulic system. T.O. 1c-5a-4-1, figure 1-67, index 23.
Tubing Material:
Steel, ams 5566
Tube Outside Diameter:
0.375 inches
Product Name:
Tube assembly, thrust reverser return, hose assembly to tee, outboard pylon (used on 4p30077-103a and -105a)
Special Features:
Fittings, part no. Ms21922-6 and ms21921-6, both ends. length is 28.65 inches with several bend radius
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T383-d
