End Application:
F-22 raptor
Product Name:
Split tube-support high level shutoff valve
Special Features:
Made from 5hj44907-101; matl per mil-t-8808 type 1, .875 dia, .035 wallthickness; formed to fit .832 dia; free form position 20 degrees to
45 deg; bend radi 0.970 mandrel; total length 3.159
Material:
Stainless steel
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
