End Application:

F-22 raptor

Product Name:

Split tube-support high level shutoff valve

Special Features:

Made from 5hj44907-101; matl per mil-t-8808 type 1, .875 dia, .035 wallthickness; formed to fit .832 dia; free form position 20 degrees to 45 deg; bend radi 0.970 mandrel; total length 3.159

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
