Cross Sectional Shape:

Plain round

First End Style:

Plain

Diameter:

0.250 inches

Second End Relationship With First End:

Identical

Construction:

Seamless

Product Name:

Aluminum alloy tubing, hydraulic

Heat Treatment:

T-4 solution heat treated and natural aged

Material:

Aluminum alloy 6061

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A004a0
