**Wall Thickness:**

0.02 inches

**Diameter:**

0.5 inches

**End Application:**

Oh58d

**Product Name:**

Tube assembly-upper engine pan drain

**Special Features:**

Corrosion resistance (304) annealed

**Height:**

18.0 inches

**Material:**

Steel stainless

**Material Specification:**

T8506 military standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A004a0
