**Cross Sectional Shape:**

Plain round

**Wall Thickness:**

18.9 millimeters

**Diameter:**

78.7 millimeters

**End Application:**

6115-01-561-7718 generator set, diesel engine

**Product Name:**

Pipe, exhaust

**Material:**

Steel and steel comp 321

**Material Specification:**

Astm a513 assn standard single material response and asm 5510 assn standard single material response

**Surface Treatment:**

Paint

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A004a0
