Wall Thickness:

0.035 inches

End Application:

External fuel tank

Tubing Material:

Aluminum alloy, ww-t-700/6

End Connection Style:

Flared all ends

Design Form:

Prebent

Tube Outside Diameter:

0.375 inches

Product Name:

Conduit, fuel valve electrical connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T383-d
