Cross Sectional Shape:

Plain round

Width:

419.0 millimeters

End Application:

Nsn 6640-01-547-1760 petroleum quality analysis system

Measuring Method And Length:

92.0 millimeters standard

Height:

295.0 millimeters

Material:

Copper

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A004a0
