Cross Sectional Shape:

Plain round

First End Style:

Threaded external

First End Inside Diameter:

30.0 millimeters

Width:

184.0 millimeters

End Application:

6640-01-547-1760

Second End Relationship With First End:

Identical

Material:

Steel comp 304

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A004a0
