Cross Sectional Shape:

Round

Inside Diameter:

1.440 inches

Outside Diameter:

1.680 inches

Exterior Color:

Black

Layer Composition And Location:

Outer layer molded rubber

Inside Surface Condition:

Smooth

Measuring Method And Length:

5.040 inches working

Material:

Rubber tube

Media For Which Designed:

Water single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541z0
