Cross Sectional Shape:

Round

Inside Diameter:

0.500 inches

Outside Diameter:

0.750 inches

Exterior Color:

Black

Outer Covering Environmental Protection:

Acid resistant and ozone resistant and alkali resistant

Inside Surface Condition:

Smooth

Material:

Plastic polytetrafluoroethylene tube

Media For Which Designed:

Bromochloromethane single response and trichloroethylene single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A54200
