Wall Thickness:

0.210 inches

Inside Diameter:

3.000 inches

Outside Diameter:

3.710 inches

Features Provided:

Enlarged ends

Material:

Rubber chloroprene class cr

Material Specification:

Sc720, e1, f1 assn standard single material response

Style Designator:

Center hump

Working Length:

5.000 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A542b0
