Nonmetallic Hose Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4720-00-476-0374

Cross Sectional Shape:
Round
Inside Diameter:
0.625 inches
Outside Diameter:
0.797 inches
Layer Composition And Location:
Outer layer braided corrosion resistant steel wire
Outer Covering Environmental Protection:
Corrosion resistant
Inside Surface Condition:
Smooth
Measuring Method And Length:
29.800 inches working
Media For Which Designed:
Hydraulic fluid single response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A542a0
