Cross Sectional Shape:

Round

Inside Diameter:

3.000 inches

Outside Diameter:

3.690 inches

Connection Style:

Raised 1st end

End Flange Construction:

Solid 1st end

Connection Type:

Unthreaded external hose 2nd end

Layer Composition And Location:

Outer layer braided corrosion resistant steel wire

Measuring Method And Length:

55.000 inches

Flange Style:

Round w/ out bolt holes 1st end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A542a0
