**Wall Thickness:**

Between 0.172 inches and 0.250 inches

**Inside Diameter:**

4.000 inches

**Outside Diameter:**

5.500 inches

**Bulge Width:**

1.625 inches

**Special Features:**

Oil and heat resistant

**Material:**

Rubber synthetic

**Material Specification:**

Sae class r, grade 1a assn standard single material response

**Style Designator:**

Center hump

**Working Length:**

5.000 inches

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A542b0
