Cross Sectional Shape:

Round

Inside Diameter:

0.625 inches

Outside Diameter:

1.115 inches

Exterior Color:

Black

Layer Composition And Location:

1st layer rubber impregnated braided fabric err-100

Inside Surface Condition:

Smooth

Measuring Method And Length:

23.375 inches

Material:

Rubber synthetic tube

Media For Which Designed:

Hydraulic fluid single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541z0
