Inside Surface Condition:

Smooth

Measuring Method And Length:

120.000 inches excluding end fittings

Special Features:

Nitrogen bottle fluid pressure regulator valve p/n 806-8124 1 required, quick disconnect nipple schrader part no. 3506 1 required, nipple mil. An816 part no. An816-4-4c 1 required, second end pneumatic valve motorola part no. 58-23068f01 1 required, air chuck schrader part no. 556 1 required, coupler mil. An910 part no. An910-1 1 required, nipple mil. An816 part no. An816-4b 1 required

Fsc Application Data:

Aircraft model e-3a

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
