**Inside Diameter:**

0.375 inches

**End Application:**

A10 grumman

**Layer Composition And Location:**

Outer layer braided corrosion resistant steel wire

**Measuring Method And Length:**

13.758 inches working

**Product Name:**

Hose assembly, polytetrafluoroethylene - str to 45 degrees unsleeved & firesleeved

**Special Features:**

Mil-h-25579 assembly with firesleeve

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A542a0

**Mil-std (military Standard):**

Mil-h-25579 spec.
