lu sida Diseustari
Inside Diameter:
0.375 inches
End Application:
A10 grumman
Layer Composition And Location:
Outer layer braided corrosion resistant steel wire
Measuring Method And Length:
13.758 inches working
Product Name:
Hose assembly, polytetrafluoroethylene - str to 45 degrees unsleeved & firesleeved
Special Features:
Mil-h-25579 assembly with firesleeve
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A542a0
Mil-std (military Standard):

Mil-h-25579 spec.
