Cross Sectional Shape:

Round

Inside Diameter:

0.500 inches

Outside Diameter:

0.570 inches

Exterior Color:

Black

Outer Covering Environmental Protection:

Abrasion resistant

Material:

Plastic tetrafluoroethylene tube

Specification Data:

81343-as1073 professional/industrial association standard

Fsc Application Data:

Sleeve, hose assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A54200
