Cross Sectional Shape:

Round

Inside Diameter:

6.000 inches

Outside Diameter:

6.687 inches

Exterior Color:

Blue

Layer Composition And Location:

1st layer spirally laid rayon cord err-100

Outer Covering Environmental Protection:

Heat resistant and ozone resistant

Inside Surface Condition:

Smooth

Measuring Method And Length:

12.500 feet

Special Features:

Certified wet exhaust service for marine exhaust hose

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541z0
