**Cross Sectional Shape:**

Round

**Inside Diameter:**

6.000 inches

**Outside Diameter:**

6.687 inches

**Exterior Color:**

Blue

**Layer Composition And Location:**

1st layer spirally laid rayon cord err-100

**Outer Covering Environmental Protection:**

Heat resistant and ozone resistant

**Inside Surface Condition:**

Smooth

**Measuring Method And Length:**

12.500 feet

**Special Features:**

Certified wet exhaust service for marine exhaust hose

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A541z0
