Cross Sectional Shape:

Round

Inside Diameter:

3.000 inches

Outside Diameter:

3.562 inches

Burst Test Pressure:

220.0 pounds per square inch single response

Layer Composition And Location:

1st layer spiral interlocked rayon err-100

Inside Surface Condition:

Smooth

Material:

Rubber chloroprene class cr tube

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541z0
