Cross Sectional Shape:

Round

Inside Diameter:

0.375 inches

Outside Diameter:

0.660 inches

End Application:

2340-01-511-7783, assault breacher vehicle

Inside Surface Condition:

Smooth

Measuring Method And Length:

41.000 inches working

Product Name:

Hose

Special Features:

Material is commercial hose silicone rubber dacron polyester or nylon reinforced for field service; make from bulk hose p/n 80-038, cage 07096

Special Markings:

Apply tag with following: 19207-1233682-2 mfr in 0.12 inch high characters

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541z0
