Cross Sectional Shape:

Round

Inside Diameter:

2.875 inches

Exterior Color:

Black

End Application:

2815-00-180-5600 and 2815-00-140 2900 blower assembly

Inside Surface Condition:

Smooth

Measuring Method And Length:

1.750 inches

Material:

Rubber synthetic tube

Media For Which Designed:

Air single response and water single response

Supplementary Features:

U/o model 149 marine engine, cover, blower drive

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541z0
