Nonmetallic Tubing Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4720-01-276-1322

Cross Sectional Shape:
Round
Outside Diameter:
0.125 inches
Exterior Color:
Black
Inside Surface Condition:
Smooth
Measuring Method And Length:
8.0 feet
Special Features:
Male locking luer, fitting each end; for sampling co2 exhaled from patient before it goes into co2 monitor, model 5210
Material:
Plastic polyhexamethylene adipamide tube
Material Specification:
L-p-410 federal specification single material response tube
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
No
Fiig:
A541y0
