## NSN 4720-01-352-3750

Nonmetallic Tubing - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4720-01-352-3750

Cross Sectional Shape:
Round
Inside Diameter:
0.061 inches
Outside Diameter:
0.125 inches
End Application:
Emerson electric co, ka band pressurization receiver/transmitter, model an/apq-175
Inside Surface Condition:
Smooth
Material:
Plastic polyethylene tube
Specification Data:
81349-mil-p-21922 government specification
Specification Or Standard:
I type and h class and 1 grade
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A54200
