Inside Diameter:

1.000 inches

End Application:

2320-01-304-2277, palletized loading truck

Layer Composition And Location:

Outer layer molded rubber, ethylene propylene err-100

Measuring Method And Length:

52.000 inches

Special Features:

O ring face seal fittings both ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
