Cross Sectional Shape:

Round

Inside Diameter:

0.250 inches

Exterior Color:

Red

Burst Test Pressure:

2500.0 pounds per square inch

Maximum Operating Pressure:

500.0 pounds per square inch

Measuring Method And Length:

60.000 inches working

Special Features:

Hose is a refrigerant charging hose with quick seal fittings

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
