Minimum Inside Bending Radius:

3.000 inches

End Application:

Tank assembly, 01408042

Burst Test Pressure:

12000.0 pounds per square inch

Maximum Operating Pressure:

3000.0 pounds per square inch

Special Features:

Polytetrafluoroethylene hose ss armored; 1st end brass male swivel; 2nd end brass female fixed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
