Cross Sectional Shape:

Round

End Application:

Control console and plumbing assembly

Criticality Code Justification:

Zzzy

Measuring Method And Length:

48.000 inches

Special Features:

Magnetic permeability shall not exceed 2.0 after fabrication

Reference Number Differentiating Characteristics:

Magnetic permeability shall not exceed 2.0 after fabrication

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542a0
