**Cross Sectional Shape:**

Round

**End Application:**

3655-00-722-3901, generating and charging plant, oxygen-nitrogen, skid-mounted

**Layer Composition And Location:**

Outer layer braided steel wire

**Measuring Method And Length:**

26.000 inches

**Special Features:**

Assy has a protective cap; called a pigtail assembly

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A542a0
