Wall Thickness:

0.220 inches

Inside Diameter:

2.000 inches

End Application:

2320-01-383-2047

Bend Radius:

2.500 inches

Outer Radius:

2.500 inches

First Arm Length:

2.360 inches

Second Arm Length:

2.360 inches

Special Features:

Inlet-radiator hose

Material:

Rubber synthetic

Material Specification:

Zz-h-428, type 3, grade b, class 3 federal standard single material response

Style Designator:

Two bends"

Working Length:

9.460 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542b0
