Cross Sectional Shape:

Round

Inside Diameter:

0.375 inches

Outside Diameter:

0.690 inches

Exterior Color:

Black

End Application:

3895-01-379-1102

Layer Composition And Location:

Outer layer molded rubber, synthetic

Inside Surface Condition:

Smooth

Measuring Method And Length:

48.000 inches

Material:

Rubber synthetic tube

Media For Which Designed:

Liquid, ingested single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541z0
