Cross Sectional Shape:

Round

Inside Diameter:

0.812 inches

Outside Diameter:

1.562 inches

Exterior Color:

Red

End Application:

W/s code, electronic warfare equipment, non-airborne

Layer Composition And Location:

Outer layer molded rubber, synthetic

Inside Surface Condition:

Smooth

Measuring Method And Length:

5.0 feet

Material:

Rubber synthetic tube

Media For Which Designed:

Air single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541z0
