Cross Sectional Shape:

Round

Inside Diameter:

0.250 inches first end

End Application:

F-16

Connection Type:

Err-030 both ends

Thread Size:

0.500 inches both ends

Product Name:

Hose, oxygen, personal leads

Coupling Style:

Threaded internal both ends

Special Features:

Hose to be iaw mil-h-81581

Material:

Rubber silicone class q 1st ply

Style Designator:

Sleeve section

Thread Series Designator:

Unjf both ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A229a0
