Cross Sectional Shape:

Round

Outside Diameter:

6.0 millimeters

Minimum Inside Bending Radius:

6.000 inches

Exterior Color:

Black

End Application:

Valves; seawolf class ssn

Measuring Method And Length:

600.000 feet

Special Features:

Semi-rigid

Material:

Plastic polyamide tube

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A54200
