Air Breathing Hose Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4720-01-463-1149

Cross Sectional Shape:
Round
End Application:
Aircraft f-16
Connection Type:
Err-030 both ends
Measuring Method And Length:
47.000 inches
Special Features:
Coupling ends p/n an818-4d; hose material: silicon layer, cres wire helix, fabric reinforced, and fabric covered; preservation and
packaging shall protect againist corrosion, contamination, physical damage and harmful effects; no communication cable; high pressure
Fsc Application Data:
Aircraft oxygen system
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A229a0
