Cross Sectional Shape:

Round

Thread Direction:

Right-hand 1st end

Outside Diameter:

1.500 inches

End Application:

Demineralizer, arleigh burke class ddg

End Connection Design:

Straight 1st end

Connection Type:

Threaded internal pipe 1st end

Thread Size:

1.500 inches 1st end

Special Features:

Used on water purification unit, model 10500rodm; second end does not have a fitting; fitting is part no. 72661-fcsb150, clamp is part no. 70847-js207, hose is part no. 94519-7910-w1 1/2

Thread Series Designator:

Nps 1st end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
