Cross Sectional Shape:

Round

End Application:

Ch-46e; nha a15hk125-2; use or location is-utility suction

Maximum Operating Pressure:

1000.0 pounds per square inch

Product Name:

Hose assembly hydraulic system return

Special Features:

Assy length=33 inches; end b is 3/4 straight, end c is 3/4 90 degree elbow; hose size= 3/4 inch; pressure test = 2000 psi; proof pressure = 3000 psi

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A542a0
