Exterior Color:

Clear

End Application:

V-22 aircraft

Inside Surface Condition:

Smooth

Measuring Method And Length:

7.0 feet excluding end fittings

Product Name:

(inavy)drain line, mlg

Special Features:

Hose will have a right angle fitting on one end to mate with the bleed port located at the top of the landing gear shock strut; a valve located approximately three feet from the fitting

Material:

Plastic tube

Media For Which Designed:

Hydraulic fluid single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541z0
