Cross Sectional Shape:

Round

Inside Diameter:

0.312 inches

Inside Surface Condition:

Smooth

Measuring Method And Length:

500.000 feet excluding end fittings

Product Name:

Rubber welding hose en559

Special Features:

Sold in 500 ft. Bulk spools; made to european standard en559

Material:

Rubber tube

Media For Which Designed:

Acetylene single response and gas single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541z0
