**Cross Sectional Shape:**

Round

**Inside Diameter:**

1.500 inches

**Outside Diameter:**

1.870 inches

**Exterior Color:**

Black

**End Application:**

PALL-ET-IZE-DLOA

**Layer Composition And Location:**

2nd layer braided synthetic cord

**Inside Surface Condition:**

Smooth

**Product Name:**

Hose, water 1 1/2 flexible

**Special Features:**

Hose cover is black poly-helix and rough to the touch; hose is used to suction water to the water tank, p/n 1932-414 or -415, for mixing concrete

**Material:**

Rubber synthetic tube

**Media For Which Designed:**

Water single response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A541z0
