Cross Sectional Shape:

Round

Inside Diameter:

0.750 inches

Outside Diameter:

0.875 inches

Inner Conveying Tube Style:

Interlocked packed

End Application:

6115-01-462-0291

Measuring Method And Length:

50.000 feet random

Special Features:

Single ply light weight galvanized steel .012 inch thick, interlocked, flexible; manufactured 50 foot length

Material:

Steel tube

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541z0
