Cross Sectional Shape:

Round

Inside Diameter:

0.250 inches

Outside Diameter:

0.625 inches

End Application:

L21b super piper cub

Burst Test Pressure:

1000.0 pounds per square inch single response

Inside Surface Condition:

Smooth

Measuring Method And Length:

6.250 inches

Material:

Rubber polyisoprene natural class nr tube

Media For Which Designed:

Fuel/oil, hydrocarbon single response and water single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541z0
