**Cross Sectional Shape:**

Round

**Inside Diameter:**

1.125 inches

**Outside Diameter:**

Between 1.295 inches and 1.345 inches

**End Application:**

Missile, vehicle mounted stinger (avenger) ; 1430013786963

**Burst Test Pressure:**

375.0 pounds per square inch single response

**Layer Composition And Location:**

1st layer woven fabric err-100

**Inside Surface Condition:**

Smooth

**Material:**

Rubber silicone class q tube

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A541z0
