Metallic Hose Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4720-01-505-3826

Cross Sectional Shape: Round End Application: Sh-2g seasprite helicopter Measuring Method And Length: 20.000 inches Product Name: Hose assembly air, fuel, lube and fire protection Special Features: Fitting both ends identical except fitting angle; fitting end 1 flared nut end fitting, size 10, angle 45; fitting end 2 flared nut end fitt 10, angle 90; material anodized aluminum nut or flange and nipple; material of socket depends on limited desgin anodized aluncurrent design is corrosion resistant steel Media For Which Designed: Air single response and fuel/oil, hydrocarbon single response Fsc Application Data: Nha kpd 878301 Shelf Life: N/a Unit Of Measure:
