Cross Sectional Shape:

Round

Inside Diameter:

0.375 inches

Outside Diameter:

0.655 inches

End Application:

Valves

Inside Surface Condition:

Smooth

Measuring Method And Length:

100.000 feet random

Product Name:

Silbrade tubing

Special Features:

Material silbrade

Material:

Rubber silicone class q tube

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A54200
