Wall Thickness:

Between 4.3 millimeters and 7.1 millimeters

Inside Diameter:

101.6 millimeters

End Application:

TRUC-K,-M91-5SER

Product Name:

Hose, charge air cooler

Special Features:

Internal spring 302 stainless steel; operating pressure 40 psi, burst pressure 110 psi

Material:

Rubber synthetic

Style Designator:

Two bend

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A542b0
